

Konstancin - Jeziorna

Jeremi Fajks, IIA

Symbol of the city

The coat of arms has a white shield, an oak tree (with brown trunk and green leaves), over waves symbolizing the Jeziorka River, on which the city lies.

The colours of the municipality come from its coat of arms: **green**, **white** and **blue**, arranged in horizontal, parallel stripes

A bit of a history

Konstancin-Jeziorna in present shape was established in **1969** as a result of a merger of Skolimów-Konstancin, Jeziorna town and several villages (Klarysew, Bielawa etc). In the early days it was a summer resort, many artists, politicians and famous people used to come here.

Skolimów - first references go back to the beginning of the 15th century. In the 17th century the village was taken over by the Oborski family, owners of the nearby Obory village.

Konstancin - officially established in 1897, as a part separated from the property of Oborski family. This name was given to the newly created summer resort by Count Witold Skórzewski, the owner of the land and comes from an earlier existing grange called Konstancya.

Jeziorna - already existed in the Middle Ages.

Cieciszew - the oldest village in the area, existing already in the 13th century.

Health resort

Konstancin-Jeziorna is the only health resort located directly near Warsaw.

In Konstancin-Jeziorna there are deposits of **healing waters**, which is one of the biggest advantages of the town.

There are also **thermal springs**, from which mineral waters are extracted.

They are used, among others, in the **brine graduation tower**, which was opened in Konstancin in 1979.

The area has a specific **microclimate**, which is influenced by the surrounding pine forests.

Monuments of Konstancin-Jeziorna

The huge number of monuments in various architectural styles is one of the reasons to visit this city. Some of them:

Stara Papiernia - nowadays shopping center

Villa la Fleur - art museum, property of a private owner

Hugonówka - now a club, cafe, place for exhibitions and performances

Our fauna - isn't it fabulous?

muskarat/piżmak

merganser/nurogęś

cormorant/kormoran

heron/czapla

kingfisher/zimiródek

daddy/biegus

And that would be it. Thank you.
